Extreme

## Enhance the sound of the VR38 engine in the R35 GTR with a Stainless-Steel GRReddy Power Extreme –GS exhaust.

The PE-GS is a full Stainless-steel version of our popular high-flow PE-Ti for the (R35) GTR. The system features the same diameter piping and routing in a more conventional construction and a lower price. The layout starts with a large 80mm (3.15") mid-pipe to a dual 80mm "Y" to two tuned, straight-through, oval GRReddy mufflers and exit via two more 80mm "Y"s and quad- 115mm (4.5"), inner-rolled, bolt-on GRReddy exhaust tips. Available now at Authorized GRReddy Dealers
